LET THE PRACTICE KNOW YOU ARE A CARER

You may have been caring for the person for some time already , regularly helping them with every-day tasks or giving them the sort of support they need to stay in the family home.

You may see it as part of your life or your duty to care for your Mum and Dad, your partner, your child or a friend, but there may be times when you need information , advice or some extra help.

When you are a Carer , it is often difficult to have a real break because someone depends on you to look after them. You can get tired and run down and your health may possibly suffer.

Telling your Surgery can Help

Telling us can help to support you and make sure that you get the right sort of care and support .

You are Important Too

Your Surgery is trying to trace all those patients who are Carers in order to set up a register.

This will mean that Carers like you are known to the surgery and steps are taken to actively support you.

If you want your Doctor to know that you are a Carer , fill in the form opposite and hand it to a Receptionist at the practice. Then your name will be added to the Carers' Register.

CARERS' REGISTER

I am a Carer. I want my name to go onto my GP's Carers' Register and give permission for this to be noted on my medical records.

My Name: -----

My address: -----

My contact number -----

Signature -----

Date: -----

I care for the following:

Name(s) -----
